

### Exhibition Organisation

As part of Millward Forestry we offer an exhibition and event organisation and administration service. We have handled all the administration for the APF Forestry Exhibition for 15 years and work on a contract basis for the CLA Game Fair and the Royal Show helping to set up and run their events each year. We have experience of running European and World competitions including The Europe Lumberjack Sports Championships, European poleclimbing championships and the European Chainsaw carving championships.

If you have any event where you need administration and office back up, support and organisation or where you need logistics help or another pair of hands on the ground during build up we can help. We can work on a day rate or on an agreed figure for the whole event. We have excellent office facilities and secretarial support. Contracting out services can make very sound economic sense, you only pay when you need us.
