

Tree Planting & Hedge Planting

We carry out tree and hedge planting on any scale from a single tree to many acres. Sites can be within existing woodland, farm woodlands, shelterbelts, open fields, gardens or landscaping around buildings. We have extensive experience of planting all sizes of trees from 40cm hedge plants to 6m specimen trees. We will advise on the right size and species of tree for the job as well as protection against animal damage, staking, watering and weeding.

Fencing

We can supply and erect all types of fencing including deer, rabbit, stock, equine, post and rail, close board and security fencing. We also erect entrance and field gates, stiles, kissing gates, bridges and timber boardwalks.
